

## 7th Lausanne CompBio Meeting 26th September 2018

**Wednesday, September 26, 2018 from 9:30 AM to 1:00 PM**

UNIL Auditorium **A** in the **Genopode** building

### **Schedule**

10:00 - 10:15: *Registration*

10:15 - 10:20: Opening remarks

10:20 - 10:40: **Jacob Arguello** (UNIL, Department of Ecology and Evolution): Sensory Neuroevolution

10:40 - 11:00: **Xiang-Yi Li** (University of Zurich): Intersexual resource competition and the evolution of sex-biased dispersal

11:00 - 11:20: *Coffee break*

11:20 - 11:40: **Paolo De Los Rios** (EPFL): Leveraging co-evolutionary information for protein structure prediction and classification

11:40 - 12:00: **Aitana Lebrand** (SIB): From bioinformatics to clinical bioinformatics

**12:00 - 12:15: Joint kick-off event between the new doctoral schools "UNIL Quantitative Biology" & "EPFL Computational and Quantitative Biology".**

12:15 - 13:00: *Lunch & Coffee*

### **About Lausanne CompBio**

The goal of this meeting series is to bring together various UNIL, CHUV and EPFL groups who are active in Computational and Quantitative Biology. The meeting is organized and supported by the UNIL Department of Computational Biology.

Organizing committee: Sarvenaz Choobdar, David Dylus, Sven Bergmann, Matteo Dal Peraro, Christophe Dessimoz
