# EpiGeneSwiss

The Next Generation Labs in  
Epigenetics and Chromatin Biology

## The EpiGeneSwiss Meeting 2017

29-31 May 2017

Weggis, LU  
Switzerland

Seminarhotel Rigi

### Topics:

RNA and Transcription  
Chromatin Dynamics  
Epigenomics  
Chromatin Organisation  
Nuclear Architecture  
Chromatin and DNA Repair

### Organised by:

Tuncay Baubec  
Vincent Dion  
Peter Meister

### Speakers:

Keynotes:

Maria Elena Torres-Padilla  
(Helmholtz Center, Munich, Germany)

Denis Duboule  
(EPFL/University of Geneva, CH)

And many more speakers selected  
from abstracts.

### Registration Information

Accommodation and meals are  
included in the conference fee.
