

THE LOLA AND JOHN GRACE DISTINGUISHED LECTURES IN CANCER RESEARCH 2021

Room EPFL SV 1717 & ZOOM at 12:15

DATES	SPEAKER	UNIVERSITY	TITLE	TELEVISED TO	HOSTS
January 28, 2021	ACETO Nicola	ETH Zurich - Department of Biology (since Jan. 2021) Institute of Molecular Health Sciences Cancer Metastasis Lab	<i>"Biology and Vulnerabilities of Circulating Tumor Cells"</i>	ZOOM ONLY	MDP
February 18, 2021	ROTTENBERG Sven	University of Bern Institute of Animal Pathology Bern - Switzerland	TBC	ZOOM ONLY	DH & FR
March 25, 2021	BOURHIS Jean	Service de Radio-Oncologie Département d'Oncologie UNIL-CHUV Lausanne - Switzerland	«Curing cancer with radiation: a new and promising approach with FLASH therapy»	ZOOM ONLY	DH & FR
April 22, 2021	SCAFFIDI Paola	Cancer Epigenetics Laboratory The Francis Crick Institute London - UK	"Epigenetic deregulation in cancer: mechanisms and functional impact"	AGORA Auditorium Paternot BIOPOLE Room CLE Room B301 UNIGE-CMU-Auditorium P. Boymond	EO
May 27, 2021	KOEHLER Angela	Goldblith Career Development Professor in Applied Biology Department of Biological Engineering, MIT Koch Institute for Integrative Cancer Research, MIT Institute Member, Board Institute of MIT and Harvard MIT Center for Precision Cancer Medicine Cambridge - USA	"Attenuating oncogenic transcription with small molecules"	AGORA Auditorium Paternot BIOPOLE Room CLE Room B301 UNIGE-CMU-Auditorium P. Boymond	EM
June 17, 2021	NOLAN Garry	Rachford and Carlota A. Harris Professor Department of Microbiology and Immunology Stanford School of Medicine, Center for Clinical Science Research Stanford - USA	<i>"Pathology from the Atomic Scale on Up"</i>	AGORA Auditorium Paternot BIOPOLE Room CLE Room B301 UNIGE-CMU-Auditorium P. Boymond	DH & FR
October 14, 2021	SOENGAS Marisol	Spanish National Cancer Research Center (CNIO) Melanoma Group Madrid - Spain	"Imaging and targeting premetastatic niches and immune modulators in melanoma"	AGORA Auditorium Paternot BIOPOLE Room CLE Room B301 UNIGE-CMU-Auditorium TBC in January 2021	JJ
November 18 or 25, 2021 TBC	SWARTZ Melody	William B. Ogden Professor - Pritzker School of Molecular Engineering University of Chicago Chicago - USA	"Lymphatic vessels and their roles in shaping the tumor immune microenvironment"	AGORA Auditorium Paternot BIOPOLE Room CLE Room B301 UNIGE-CMU-Auditorium TBC in January 2021	DH
December 16, 2021	PETERS Solange	Oncology Department UNIL CHUV Head of the Medical Oncology Department Head of the Specialized Consultation for Thoracic Tumors	TBC	AGORA Auditorium Paternot BIOPOLE Room CLE Room B301 UNIGE-CMU-Auditorium TBC in January 2021	FR

Hosts: Douglas Hanahan (DH), Freddy Radtke (FR), Johanna Joyce (JJ), Elisa Oricchio (EO), Michele De Palma (MDP), Etienne Meylan (EM)
