

## SKMB Gene Regulation workshop 2017

Wednesday September 6, 2017

**Auditorium C, Génopode**  
Dorigny Campus, University of Lausanne

09h30 *Welcome coffee*

10h00 **Rachel Green** (*Johns Hopkins, HHMI, Baltimore, USA*)  
**The role of rescue in ribosome homeostasis**

10h45 **Michelle Wang** (*Cornell University, HHMI, Ithaca, USA*)  
**Mechanical Biochemistry from DNA unzipping**

11h30 **Vincent Colot** (*ENS, Paris, France*)  
**Epigenetic control of transposable elements and heritable phenotypic variation**

12h15 *Lunch*

14h15 **Lori Passmore** (*MRC, Cambridge, UK*)  
**Mechanistic insights into mRNA polyadenylation**

15h00 **Eileen Furlong** (*EMBL, Heidelberg, Germany*)  
**Genome regulation during developmental transitions: Generating robustness and precision**

15h45 **Gerard Evan** (*University of Cambridge, UK*)  
**Toggling large scale genetic programmes with Myc and RAS**

16h30 *Apéro*
