21./22. April 2016, Hotel „Good Night Inn“ Brig

Annual Swiss Proteomics Meeting

“It takes two to tango:
Experimental Design and Proteomic Data Analysis”

Please register before March 18th, 2016

More information at www.meetings.ls2.ch/

EUROPEAN PROTEOMICS ASSOCIATION

PRELIMINARY PROGRAM

21. April 2016

- 09.00-12.00** Workshop
- 09.00-09.45** Proteomic sample preparation
- 10.00-10.45** DIA/SWATH experiment set-up and analysis
- 11.00-11.45** Experimental design for quantitative proteomics
- 12.00-13.15** Lunch
- 13.10-13.30** Welcome
- 13.30-15.45** Oral Session I - Sample preparation and experimental design
- 13:30-14.15** Keynote Lecture - Bernhard Kuster
Chair of Proteomics and Bioanalytics TU
Munich-Partner Site of the German Cancer
Consortium
"Using Proteomics to investigate Drug Target
Space and Mechanism of Action"
- 14.30-15.30** Flash Presentations
- 15.30-16.00** Coffee Break
- 16.00-18.00** Oral Session II Data analysis

- 16.15-17.00** Flash Presentations
- 17.00-18.00** Oral Presentation
- 18.30-19.45** Aperó in Stockalperschloss
- 20.00-21.30** Dinner in Conference Hotel

22. April 2016

- 09.00-11.45** Oral Session III - New proteomics workflows
- 09.00-09.45** Keynote Lecture - Thomas Kislinger,
Princess Margaret Cancer Centre, Toronto
Medical Discovery Tower
"Onco-proteogenomics: Novel Approaches
for Biomarker Discovery and Cancer Biology"
- 09.45-10.45** Oral Presentations
- 10.45-11.00** Coffee Break
- 11.45-12.00** Awards & Closing Remarks
- 12.00-12.30** Swiss Proteomics LS2 General Assembly
- 12.30-14.00** Farewell Lunch
